Education

University of Wisconsin - Madison (Madison, Wi) September 2023 – Present

Major: Biochemistry (B.S.) Design, Innovation, and Society (B.S.)
Minor: Architecture
Expected Graduation: Spring 2027
Cumulative GPA: 3.660/4.000

Experience

Founder & President, DRAFTING ROOM
2026–Present:

- Founded and led an architecture student organization; organized weekly discussions, case study nights, and studio sessions focused on model-making and 3D exploration; coordinated programming and member engagement; collaborated with external partners, including the Frank Lloyd Wright Foundation, to facilitate field trips and educational opportunities.

JND Collaboration Interdisciplinary Researcher, UW–Madison (Dept of Chemistry, Dept of Landscape Architecture) / Sasaki
2025–Present:

- Conduct research on stormwater impacts to Lake Monona within the John Nolen Drive Waterfront project; synthesize literature and case studies on green infrastructure (bioswales, rain gardens, tree trenches); analyze contaminants (nutrients, chlorides, metals, PFAS, microplastics) and develop monitoring and BMP performance recommendations.

Architecture & PR Intern, TAAL Architects Architecture Office (Gwanak-gu, Seoul, Republic of Korea)
2024~2025

- Supported design work for the LEE KUN-HEE Museum and Dosan Multi Facility Competition; contributed to model making for Cheongna Global Medipolis Life Science Park; managed official social media, producing 15+ posts and videos that grew Instagram from 600 to 15,000 followers and reached 1M+ views; managed ArchDaily uploads and translated website content, including project descriptions and documents. Experiences

Content Creator, BYL Architecture
2023~Present

- Founded and managed a personal architecture brand across Instagram and web; created video content on architects and design philosophies; grew to 3,500+ followers and 1M+ total views.

Floor Plan Assistant & Translator, One Predict (Gangnam-gu, Seoul, Republic of Korea)
2022~2023

- Assisted in designing the expanded 19th-floor workspace, supporting space planning and resource coordination; created and translated marketing materials for GuardiOne (LinkedIn articles, product brochures); contributed to planning and design support for the Factory & Automation World Exhibition.
